APPENDIX

A. Fire Safety Directors Duties

1. Be familiar with the written Fire Safety Plan providing for fire drill and evacuation procedure in accordance with Fire Prevention Code.
2. Select qualified building service employees for a Fire Brigade and organize, train and supervise such Fire Brigade.
3. Be responsible for the availability and state of readiness of the Fire Brigade.
4. Conduct fire and evacuation drills.
5. Be responsible for the designation and training of a Fire Warden for each floor, and sufficient Deputy Fire Wardens for each tenancy in accordance with Fire Department rules.
6. Be responsible for a daily check for the availability of the Fire Warden and Deputy Fire Warden, and see that up-to-date organizational charts are posted.

NOTE- If the number of Fire Wardens and Deputy Fire Wardens in the building is such that it is impractical in individually contact each one daily, a suggested method to satisfy the requirement is to make provisions for the Fire Warden, or a Deputy Fire Warden, in the absence of the Fire Warden, to notify the Fire Safety Director when the Fire Warden, or required number of Deputy Fire Wardens are not available. In order to determine the compliance by the Fire Warden and Deputy Fire Warden when this method is used, the Fire Safety Director shall make a spot check of several floors each day.

7. Notify the owner or other persons having charge of the building when any designated individual is neglecting his responsibilities contained in the Fire Safety Plan. The owner or other person in charge of the building shall bring the matter to the attention of the firm employing the individual. If the firm fails to correct the condition, the owner or person in charge of the building shall notify the Fire Department.
8. In the event of a fire, shall report to the Fire Command Station to supervise, provide for and coordinate:
 - (a) Insure that the Fire Department has been notified of any fire or fire alarms.
 - (b) Manning of the fire Command Station.
 - (c) Direction of evacuating procedures in the Fire Safety Plan.
 - (d) Reports on conditions of fire floor for information for Fire Department on their arrival.
 - (e) Advise the Fire Department Chief in charge in the operation of the Fire Command Station.
9. Be responsible for the training and activities of the Building Evacuation Supervisor.

B. Deputy Fire Safety Directors Duties

1. Subordinate to the Fire Safety Director
2. Perform duties of Fire Safety Director in his absence

C. Fire Wardens and Deputy Fire Wardens

1. The tenant or tenants of each floor shall, upon request of the owner or person in charge of the building, make responsible and dependable employees available for designation by the Fire Safety Director as Fire Warden and Deputy Fire Warden.
2. Each floor of a building shall be under the direction of a designated Fire Warden for the evacuation of occupants in the event of fire. He shall be assisted in his duties by a Deputy Fire Warden. A Deputy Fire Warden shall be provided for each tenancy. When the floor area of a tenancy exceeds 7,500 square feet, a Deputy Fire Warden shall be assigned for each 7,500 square feet of part thereof.
3. Each Fire Warden and Deputy Fire Warden shall be familiar with the Fire Safety Plan, the location of the exits and the location and operation of any available fire alarm system.

4. In the event of a fire, or fire alarm, the Fire Warden shall ascertain location of the fire, and direct the evacuation of the floor in accordance with directions received and the following guidelines:
- (a) The most critical areas for immediate evacuation are the fire floor and floors immediately above. Evacuation from the other floors shall be instituted when instructions from the Fire Command Station or conditions indicates such action. Evacuation should be via uncontaminated stairs. He shall try to avoid stairs being used by the Fire Department. If this is not possible, he shall try to attract the attention of the Fire Department personnel before such personnel open the door to the fire floor.
 - (b) Evacuation to two or more levels below the fire floor is generally adequate. He shall keep the Fire Command Station informed regarding his location.
 - (c) Fire Wardens and their Deputies shall see that all occupants are notified of the fire, and that they proceed immediately to execute the Fire Safety Plan.
 - (d) The Fire Warden on the fire floor shall, as soon as practicable, notify the Fire Command Station of the particulars.
 - (e) Fire Wardens on the floor above the fire shall, after executing the Fire Safety Plan, notify the Fire Command Station of the means being used for evacuation and any other particulars.
 - (f) In the event that stairways serving fire floor and/or floors above are unusable due to contamination or cut-off by fire and/or smoke, or that several floors above fire involving large numbers of occupants must be evacuated, consideration may be given to using elevators in accordance with the following:
 - 1. If the elevators servicing his/her floor also services the fire floors, they shall not be used. However, elevators may be used if there is more than one bank of elevators, and he is informed from the Fire Command Station that one bank is unaffected by the fire.
 - 2. If elevators do not service the fire floor and their shafts have no opening on the fire floor; they may be used, unless otherwise directed.
 - 3. Elevators manned by trained building personnel or firemen also may be used.
 - 4. In the absence of a serviceable elevator the Fire Warden shall select the safest stairway to use for evacuation on the basis of the location of the fire and any information received from the Fire Command Station. The Fire Warden shall check the environment in the stair prior to entry for evacuation. If it is affected by smoke, an alternate stair shall be selected, and the Fire Command Station notified.
 - 5. The Fire Warden shall keep the Fire Command Station informed of the means being employed for evacuation by the occupants of his floor.
 - (g) Determine that an alarm has been transmitted.

5. Organizational Chart for Fire Drill and Evacuation Assignment

See Example **Ref.#1**

A chart designating employees and their assignments shall be prepared and posted in a conspicuous place in each tenancy and on each floor of a tenancy that occupies more than one floor and a copy shall be in the possession of the Fire Safety Director.

6. Have available an updated listing of all personnel with physical disabilities who cannot use stairs unaided. Make arrangements to have these occupants assisted in moving down the stairs to 2 or more levels below fire floor. If necessary to move such occupants to still lower levels during the fire, move them down the stairs to the uppermost floor served by an uninvolved elevator bank and then remove to street by elevator. Where assistance is required for such evacuation, notify Fire Safety Director.
7. Provide for fire warden identification during the fire drills and fires, such as using armbands, etc.
8. Assure that all persons on the floor are notified of fire and all are evacuated to safe areas. A search must be conducted in the lavatories to assure all are out. Personnel assigned as searchers can promptly and efficiently perform this duty.
9. Check availability of applicable personnel on Organizational Chart and provide for substitute when position on chart is not covered.
10. After evacuation, perform a head count to assure that all regular occupants known to have occupied the floor have been evacuated.
11. When alarm is received, the Fire Warden shall remain at a selected position in the vicinity of the communication station on the floor, in order to maintain communications with the Fire Command Station and to receive and give instruction.
